#2----\$1566.71

#6----\$1126.10

#10---\$894.00

#3----\$1410.99

#7----\$1078.49

#11---\$862.00

#4----\$1179.42

#8----\$999.00

#12---\$844.46

Sales for the month of December were \$26,421.74. We ended the year up over \$7000. Thank you all for working so hard to make the store successful. All of us working together is the key!

HAPPY NEW YEAR!!!

We are looking forward to a bright new year with each of you! May the New Year bring us all increased sales, increased customer base and great finds wherever the hunt leads!!

The Chamber of Commerce "Sip and Shop" in December was a great success! Many of the shoppers returned after the event was over and bought more items.

TAGS!!! TAGS!!! TAGS!!! Please make them legible. And remember: the vendor number, description of the item and price all belong on the same side of the tag. IF you use an inventory number for your items, that number **MUST** be on the back of the tag.

A few reminders as the New Year begins:

- Please remember that the staff are not responsible for cleaning **IN** your booths. Please take some time and move things around, vacuum and dust. Some booths are long overdue for some TLC.
- Rent is due on the 1st payable until the 10th and late with a \$10 late fee on the 11th
- This is a very good time to do resets in your booths. Business slows a bit after the holiday and you can increase sales by refreshing your spaces and stock.
- Please keep your items within your booth parameters. When items are outside your booth they become a tripping hazard and can easily be damaged by the furniture cart.

The staff wants you to know that "We Love Our Vendors"! And we appreciate you being here! But we do have a few concerns...

1. As you clean and straighten and clean your booths you may find some "visiting" items. Please check your neighbor's vendor number and see if that is home to the visitors.
2. Please remember that **all** items in your booth need to be tagged. It doesn't matter if it is a display item or decorations such as greenery etc. please tag them with your **vendor number and NFS** meaning "**Not For Sale**". It saves us the time of a phone call! And saves you the grief of items being "sold" with the item they are in.
3. We know it is necessary for you to change tags on items once in a while, when you do, PLEASE tear the old tags up so we at the till do not think it is an item that was stolen or sold!!!

Great vendors and great customers... what a winning combination...
