Sales for the month of October were \$25,721.09. We are still having very good sales! "THANK YOU" TO ALL OF YOU!!! I really appreciate all the work you put in to make Keepers Corner such an immense success.

November and December are two of the busiest shopping times of the year. Now is a good time to refresh and stock those booths for the holidays! In November Black Friday and Small Business Saturday are extra good sale days. I encourage you to put a "percentage off" sale in your booth for the day(s). Most vendors do sales on both days and find it helps. The dates for Black Friday and Small Business Saturday are the 25^h and 26th of November. There is a special sign up sheet on the back counter for you to sign for sales for those days. We will have bag stuffers and fliers to remind the customers beginning this week. I will also put an ad on our Facebook page, you can share it on your Facebook pages also. Please do not be afraid to take some small fliers for your booths or to share with friends, family, and co-workers! As usual we will offer treats and hot drinks for the customers. (You are welcome to bring cookies etc!)

Thank you so much to all of you who take the time to vacuum and dust your spaces and the area around you when you do a reset. It really makes your booth, and the surrounding areas look great!! I appreciate the fact that you take pride in your area and the store! **Customers notice and let us know what they think. Good or Bad!!**

PLEASE! PLEASE! PLEASE! Remove all Goodwill and yard sale tags before putting the items in your booth!! This is really beginning to be a problem again. We are also having a problem with **tags with no vendor number!** If it has a tag with no number but a price it will be sold and posted to '998', the no ID file. You can claim an item by talking to any staff member. If it has no tag, we **WILL NOT** call you for a price. We will either keep it up front if it is small or leave it in your booth and try to let you know. **BUT we will not call you for a price.** We have been having some trouble with no tags on furniture and think that in some cases, customers may take the tag and have us call you to get a price, thinking you will not remember and give us a lower price over the phone. It is not fair to you to have to price things with just a verbal description of the item.

Vendors are bringing new items in daily, doing resets and building new displays! **IT LOOKS GREAT~~**Take a walk around the booths and look at all the new things; I think you will be pleasantly surprised!

Great vendors and great customers... what a winning combination...
