Sales for the month of June were \$33,195.78. Great Sales!! Thank you for all you do to keep the store a tremendous success! You are Awesome and we appreciate you! What a great year we are having! The store is full, although we will be having some booths vacated the end of July. Making room for some new vendors!

Just a word or two about booth sales...When you put a sale on your booth, PLEASE, let front staff know and you fill in the sale sheet at the counter. When you take the sale off it is your responsibility to let us know and you need to cross the information off the sale sheet with a red pen. If something gets sold at a discount and you haven't taken the sale off the sale sheet, the store is not responsible for the discount.

All vendors; PLEASE EMPTY ALL LAMPS AND LANTERNS of kerosene and lamp oil. We have had a few spills; and it is a fire hazard. One spill has drastically stained the carpet.

The store has pegboard hooks that are available for vendors to borrow if a FEW are needed, remember, borrow means you will return them. The store does not supply hooks for the booths. We also have a few light bulbs that we use to check lamps and make sure they are working for the customer. Please do not use those light bulbs in your lamps, if your lamp needs a light bulb, buy it.

UPSTAIRS VENDORS! Please do not put your sold or layaway items in the consignment area on the west side of the room. It is very unfair to the consignment vendors to have their items blocked by those items. I know it is hard to have those items left in your booths, but we are full, and I ask that you be considerate of others.

We have several new and newer vendors, so here are a few reminders for all of us dealing with contractual items:

- We promote the store several ways, Face Book, print ads, store displays, various one day promotions like the Sip and Shop and Small Business Saturday to name a few. It is hoped that all vendors will participate in these promotions as it is good for **vendors individually and the STORE collectively. The store is only as successful as you help make it**
- When you vacate a booth, it is your responsibility to vacuum and dust it. It is also your responsibility to keep your booth clean, safe and in a condition that allows complete access to customers and staff
- When doing booth reset, please do not put your items in someone else's booth or the aisle way. It keeps customers out of other booths and potential sales are lost
- Rent is due on the 1st payable until the 10th and late with a \$10 late fee on the 11th
- **Please keep your items within your booth parameters.** When items are outside your booth, they become a tripping hazard and can easily be damaged by the furniture cart

Great vendors and great customers... what a winning combination...
