Sales for the month of March were \$33,437.82. Such a great month! Keep up the good work finding great finds for the customers. Our customers continue to remark on how good the store looks.

Keepers Corner will be holding our **Customer Appreciation Sale** this year. The sale is **May 6, 2023**. It is going to be a **store wide 20% off** everything in the store. As always with store wide sales, the 20% will be taken off at the till. When I do the postings, you will see an additional 10% taken off your sales for that day. Keepers Corner is giving up 10% of our commission for the day and you, as vendors, will give up an additional 10%. If you have a few items you cannot let go for the additional 10% off, you will need to remove them from the store no later than 5 PM on the 5th of May. **We ask that you not restock your booths on sale day.**

As Spring arrives and you begin to bring yard art and other items in for your booths, **PLEASE** take the time to clean them **BEFORE** bringing them into the store. Often, we must clean items before customers take them out. It is **VERY** embarrassing to load an item into a vehicle and hurry to clean the spider nests, dust bunnies, or dead bugs off the item. Plus, we do not need the **EXTRA** dirt in the store.

We are asking all vendors not to use the tables near coffee area to clean and/or tag your items. Please use the area back by the restroom. We are too busy most days to have congestion there.

Just a reminder that because we are full, any **layaways or sold items need to remain in your booth until there is space to move them out or they get picked up**. We are enforcing the 2 weeks hold after the sale and will encourage customers to pick the items up sooner than the 2 weeks allowed. The area between aisle B and C where we put layaways and sold items now has an outline on the floor. **Nothing is to be outside those marks to keep us within the fire codes. PLEASE ASK the staff before moving ANY item into the area!!!** If you do not get permission from staff, we will move the item back into your booth. **LAYAWAY** items have priority in the space!

A few reminders:

- When you vacate a booth, it is your responsibility to vacuum and dust the booth as you vacate.
- **Please keep your items within your booth parameters.** When items are outside your booth, they become a tripping hazard and can easily be damaged by the furniture cart. **The edge of the side of your booth is the end of your booth.** Upstairs there are marks on the floor and the back wall. **PLEASE** stay within your marks.

Great vendors and great customers... what a winning combination...
